Dear Sir or Madam,

It is my absolute pleasure to recommend Emelda Vildosola (Amy) for a Foreign Domestic Helper in your home.

Amy has been employed with us for the past two and a half years in the Mid-levels and has been a wonderful addition to our family. We renewed her contract at two years but due to my company's repatriation to the United States, we are sadly leaving Hong Kong and must break the contract of employment as of June 29th, 2017.

Over the past years, Amy has held the responsibility of cooking for our family, cleaning, and market shopping. Amy has mastered the Western recipes we love and is eager to learn new recipes. She also cooks delicious Chinese food. She has been a huge helping hand with my girls and truly loves to play and laugh with them. We fully trust her with the care of our girls- ages, four and seven. They love her as well and will be so sad to say "good-bye."

Amy has traveled with us and been such a comfort to have as extra eyes and ears. She maintains the house to an immaculate level and is reliable and responsible with the flat when we are traveling. She is self-motivated and works so incredibly hard. Amy is extremely kind and her warmth and joyful spirit reflects throughout her work.

Prior to living with our family she was employed for twelve years with another local family and their son and came highly recommended. Amy has lived in Hong Kong for over sixteen years, speaks excellent English, and has a great working knowledge of the city.

My husband or I are available for further questions as needed at or . Our time in Hong Kong was greatly enhanced with Amy as our employee and we wish her all the best in her future employments.

Kind Regards,

Amber Dixon
