

REFERENCE LETTER

Ms Christine P. Montalbo has been employed as helper in my household since May 6, 2015.

Our household consisted at that time of 2 teenagers, aged 14 and 15 years, 2 dogs and 2 adults who are full time working and regularly absent from the household due to business travel.

The job duties of Ms Montalbo included, among others, care for the children and dogs, grocery shopping, cooking, cleaning and laundry.

Ms Montalbo accomplished all tasks independently and always to my satisfaction. She was a trusted member of the household and her conduct and honesty was always impeccable.

She tended to our special food requirements as our household consists of vegans, vegetarians and meat lovers. She came up with new receipies and managed to satisfy our different tastes. She bakes delicious whole grain breads, prepres yoghurt and is open to learning new things.

She maintains our small garden which consists of different fruits trees and flowers. It is delightful to see how she made our garden flourishing as she also knows how to compost.

Ms Montalbo is a friendly and helpful person which got along well with us. I am sure that she will cope well with a new employer.

Please feel free to call my mobile € in case you like to have more details.

Kind regards
