Reference - Virgie Dispo

Virgie worked for our family from circa 2011 to 2016, first in Hong Kong before moving with us in 2013 to Singapore.

Virgie looked after our two children (2 years old and new born when Virgie started working for us) as well as other household related jobs.

We have nothing but positive things to say about Virgie. She is hard working, reliable, honest, good company, positive and friendly, and is great with kids. Our kids formed an incredibly strong bond with Virgie, more than with any of our other domestic helpers, and as parents we had complete confidence in entrusting our kids to Virgie.

We would naturally strongly recommend Virgie for any opportunity she may be seeking with you.

Yours faithfully,
