

Recommendation Letter for Marilyn Norial Matabia

Marilyn Norial Matabia (WX078401(8)) has been with my family from May 2015 till now. This has been 9 years of time.

Marilyn has been a wonderful helper to my family, a household of 5 people. She has been joining us since my first child was one and a half year old. My first kid was a big challenge to me. As a new parent and she as an immature baby, whom had been diagnosed of eating disorder since she was six months old. Marilyn has been a very patient person to encourage my kid to eat and prepared a wide variety of food for her to try.

In addition, Marilyn is a good cook. She can cook Chinese dishes, Chinese soup and herbal tea. I am a busy mom; where Marilyn proactively decides what to cook for my family. She goes to market to buy the meat and vegetables in regular basis.

For the nine years that I have known Marilyn, she is a reliable and responsible person that I can count on. She has been treating my family (especially my kids) wholeheartedly. Not only does she look after my kids, but she also put my kids' health and safety as her top priority. There was not a single time that she would let them unattended either at home, on the road or at park.

It is a sad goodbye to end the contract early as my family are relocating to the United States which we are unable to continue the employment contract and bringing her along. We wish her all the best in the future.

We have no doubt to recommend Marilyn to any future employers as she would excel herself in any future roles.

Best wishes,
