Reference Letter for Mrs Marites Navales Serafico

To Whom It May Concern,

I am writing this as a reference for Mrs Marites Navales Serafico (HKID: W845110(1)) who has worked for my family in Hong Kong from April 2016 for 8 years concurrently.

Marites ("Tess" as we like to call her) has been a wonderful addition to our family for the past 8 years, just prior to having our first child (a boy now 7½ years old) and later our daughter (now 6 years old).

Marites has extensive experience working with children of all ages having been in Hong Kong for c.30 years. She has fantastic energy, a very strong work ethic who takes pride in her work and duties which are efficiently undertaken without any fuss.

Importantly for us, Marites is a forward thinker regarding the needs of our family, and had tasks done and completed before you may have thought to ask her.

Marites's main duties were to maintain the household and domestic duties such as cooking, cleaning, laundry/ironing and car washing, as well as helping to attend and look after our two children.

Obviously more importantly our children adore their "Aunty Tess", and she was a responsible and proactive helper. In regard to their activities, she was very organised, and handled all of her duties with great attention to detail and care. She proactively organised and participated in playdates which was a great help to both my wife Joanna and I as we both work.

She is extremely reliable, kind, and follows instructions very well. Marites importantly is also a very good cook across many cuisines, and is able to follow recipes. I have also experienced her as somewhat a mentor to other younger helpers.

My wife Joanna and I would be delighted to provide a verbal reference should you require it.

Regards
