

To Whom it may concern.

Hi, this is [REDACTED] employed Gena since Aug 2023 till June 2024.

My family is relocating to Singapore and her last working day with us is on 12 June 2024.

Gena has been the mainly taking care of the following

- 1) taking care of our 2 yr old son including
  - arranging play groups at Bel-Air
  - preparing all three meals
  - cleaning his clothes and taking him to bath.
- 2) house keeping works
  - cleaning the house
  - taking care of groceries
  - ironing shirts

We have had few helpers before Gena and she is by far the best helper we have experienced so far. She is a fast learner, great chef for our family, honest, never put our son in danger, tidy and most importantly friendly.

We have been asking her to relocate with us to Singapore but she has many friends and church mates in here and thus, prefers to extend her contract with a new employer. Hope this letter finds you more interested in welcoming her to your family,

best,  
Bo Young
