RE: Catherine Frigillana Fang HKID W863253 (A)

To whom it may concern

Catherine has worked for us since October 2012 to August 2019 helping with our growing family Elise (8 year old), Clara (5 years old) and Walter (2 years old).

Catherine's main duties were childcare and as both my wife Stephanie Kelly and I worked full time. Catherine has experience looking after infants as Stephanie returned to work after 3 months maternity and managed feeding and sleeping routines. Catherine also manages the older children's after school activities including playdates and sports classes.

Catherine looks after the household tasks from cleaning, tidying and ironing. Catherine cooks for the children and previously had organized the shopping and prepared food for adults.

We would recommend Catherine as a loving, caring helper with a strong work ethic. She has confidence and initiative and able to manage most situations independently.

If you would like more information, please don't hesitate to contact us
