

Reference Letter for Domestic Helper

To Whom It May Concern,

I am pleased to recommend Ms. Senerpida Nieve Baclayon, HKID holder of W9 who has worked as our domestic helper for nine years (from Aug-2016 to Oct-2025). She has taken excellent care of our household, which includes three adults, two children, and a small dog.

Senerpida Nieve Baclayon is hardworking, reliable, and trustworthy. She manages all household chores, looks after our family members, and cares for our dog with great responsibility. She communicates well in English and can speak basic Cantonese, which is helpful for daily life in Hong Kong.

Senerpida Nieve Baclayon is leaving our family earlier than planned because my mother-in-law is undergoing chemotherapy and we urgently require a helper with specific medical/caregiving experience. This decision is unrelated to her performance. We are truly grateful for her dedicated service and highly recommend her to any future employer.

Please feel free to contact me for further information.

Sincerely,

So vvaui vvaui
