

Letter of Recommendation

To Agent company and new employer

I am pleased to recommend Sinaon Leny Robosa, who worked for our family in Hong Kong as a domestic helper for more than ten years, from 2015 to 2025.

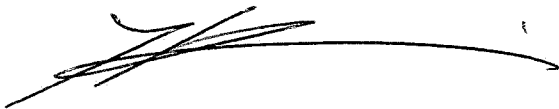

Throughout her service, she proved to be reliable, honest, and hardworking. Her duties included household cleaning, laundry, ironing, grocery shopping, and cooking. She is a very good cook and always kept our home tidy and well organized.

She also cared for our daughter with kindness and patience, supporting her from childhood until she entered university. We are grateful for the trust and warmth she brought to our family life.

The only reason we are ending her employment is because our daughter has now gone abroad for university. This change in our family situation, not her performance, led to the conclusion of her contract.

I fully recommend Sinaon Leny Robosa to any future employer. She is dependable, respectful, and will be a valuable helper to any household.

Sincerely,

Kuramae Yosuke

(From the former employer)
