To whom it may concern,

I am pleased to provide this reference for

Melissa Mariano Tolentino

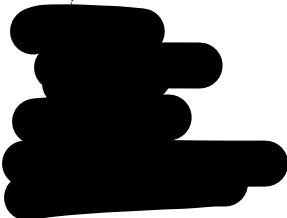

Melissa has worked as our domestic helper for eight months. Prior to this, she worked for another expatriate family for six years.

Melissa is hardworking, reliable, and pleasant to have in the home. She is a capable cook, follows instructions well, adapts easily to family preferences, and maintains a clean and organised household. She has a calm, respectful manner and is easy to work with.

Her contract is ending solely due to a change in our family's needs, as we no longer require a second helper now that our children are grown.

I would happily recommend Melissa to another family.

Yours sincerely,
