RE: REFERENCE LETTER

Mr. Raymundo A. Quilino
Hongkong I.D. No. W()
Philippine Passport No. P() B

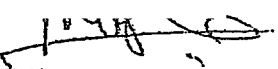

As my two thirteen years old twin boys have moved to a boarding school in the United Kingdom to continue their studies, and due to me spending less time in Hongkong because of the recent covid19 restrictions and Hongkong Government regulations and the fact that I have moved- into a smaller apartment and has no space for my helpers to live-in accommodation. So sadly, we have to part ways with Raymond and his wife Gelyn who have been working with us for five years.

Raymond and his wife Gelyn have been a valued, honest, reliable and a hardworking wonderful couple. He is excellent with children, with a gentle caring personality and incredible patience. He's been driving my twin boys to/ from school, their play dates, rugby/ football training and matches, medical and dental appointments, and hiking activities safe and sound. He also works hard in the house even after driving much of the day.

He is meticulous looking after my cars, cleaning, servicing and sorting out issues.

His overall job performance is excellent.

I can highly recommend Raymond and his wife Gelyn to any employer and wish them good luck and success to their future endeavors.

Yours Sincerely,

Mr. Ng
