To Whom It May Concern

Dear Sir/Madam,

It is my pleasure to recommend Bascos Anatalia Osias [REDACTED]
[REDACTED], who worked as a domestic helper for my family from March 11, 2019 to present. During this time, she was responsible for looking after my elderly parents as well as maintaining the household, including cleaning, laundry, and general organization.

Ana was an exceptionally caring, patient, and dependable person. She looked after my parents with great compassion and respect, ensuring their comfort and safety every day. Her presence brought immense reassurance to our family, knowing our loved ones were in capable and trustworthy hands. In addition to her caregiving duties, she kept the home clean and orderly, demonstrating consistency, initiative, and pride in her work.

Sadly, both of my parents have passed away recently. As a result, we no longer require her assistance at home. However, we have no hesitation to recommend Ana to any family seeking a dedicated and loving caregiver or house helper. We are truly grateful for the time she was with us.

I may be contacted at [REDACTED] if further details are required.

Sincerely,
[REDACTED]
