RE: Employment Reference for Ms. Rezy Joseph Rodriguez

Rezy Joseph Rodriguez has worked as a domestic helper for our family in Hong Kong for the past two years.

During her employment, she carried out all housework to a high standard and took good care of our son. Rezy is a very smart and quick learner. We sincerely appreciate her help and contributions to our family.

We have decided not to renew her contract because our son is now attending kindergarten, and we would like to manage the household without a helper. This decision is due to our changing family needs and is not related to her work performance.

We are happy to recommend Rezy to a future employer and wish her all the best.

Yours faithfully,
